

Instant SSL Certificates

Powerful, cost-effective security for e-commerce websites

Why Instant SSL?

- Highest levels of SSL security – 2048 bit digital signatures and up to 256 bit encryption as standard
- 99.9% browser recognition maximizes your potential customer base
- Peace of mind with our 30 day refund policies
- Licensed for unlimited physical servers
- Secures domain.com AND www.domain.com
- Expert phone, mail and web support
- Available in three variants with up to \$250,000 relying party warranty
- Free upgrade to EV SSL for the first year of your certificate

Instant SSL certificates are the quickest way for online businesses to protect customer transactions with high assurance SSL security. Featuring full business validation, the strongest possible levels of encryption, dedicated customer support and up to \$250K warranty, Instant SSL certificates let you create a highly secure e-business environment quickly and at a budget that suits you.

Highest Encryption Strength

2048 bit signatures and up to 256 encryption means Instant SSL certificates offer the highest possible levels of security for your customers – meeting or exceeding security recommendations specified by the National Institute of Standards and Technology (NIST)

99.9% Browser Coverage

Comodo's root certificates are embedded in all major browsers and devices. This means Instant SSL certificates are automatically trusted by 99.9% of the Internet population - thus maximizing the size of the market that you can protect and offer secure services.

Build Customer Confidence and Increase Sales

In today's highly competitive e-commerce world, building a sense of trust and security in the minds of your visitors is a key to convert them to customers. Comodo's high impact site seal does just that by instantly reassuring your visitors that your site is protected with SSL security from one of the most recognized brands in Internet security.

Each seal also features unique 'point-to-verify' technology which shows real time verification of your business credentials and the relying party warranty whenever a visitor hovers their mouse cursor over the seal.

Free Upgrade to EV. Free PCI Scanning Service. Free Daily Vulnerability Scanning

Each Instant SSL customer also receives a great value-add package of upgrades and free services, including:

- **Extended Validation (EV) upgrade** – for the first year of your certificate, we'll upgrade your purchase to a green-address bar enabled EV certificate. EV certificates are now the gold standard in SSL security and the green address bar is visible on only the most prestigious websites.
- **HackerGuardian** – free for a year. HackerGuardian is Comodo's PCI (Payment Card Industry) vulnerability scanning service that helps qualifying merchants demonstrate scan compliance to their acquiring bank. Comodo is a registered PCI ASV (Approved Scanning Vendor).
- **HackerProof** – free for a year. HackerProof is a daily vulnerability scanning service that audits and identifies security holes on your website. Each website that passes the HackerProof daily scan is allowed to display the 'HackerProof' trust seal – helping turn visitors into customers by establishing trust and confidence.

Comprehensive Support Plans

Comodo has a well earned reputation for industry leading customer care and technical support. As a valued customer, you can expect prompt telephone, mail and web-based support for any questions you may have during the application, installation and lifetime of the certificate.

Product Range and Warranty

Instant SSL is available at a range of price points and warranty levels to suit your business needs. The warranty carried by each certificate is displayed to customers when they hover the mouse cursor over the dynamic 'Comodo Secure' site seal.

- **Instant SSL** - Starting at only \$64.95 per year, Instant SSL features \$10,000 Relying Party Warranty

- **Instant SSL Pro** - Starting at only \$89.95 per year, Instant SSL Pro features \$100,000 Relying Party Warranty
- **Instant SSL Premium** - Starting at only \$116.95 per year, Instant SSL Premium features \$250,000 Relying Party Warranty

Instant SSL certificates are a cost effective solution for any online business looking to secure online transactions with high assurance certificate. Purchase price includes unlimited re-issuance, 30 day no-question refunds and unlimited server licenses - meaning you can install the certificate on as many physical servers as you wish.

About Comodo

The Comodo companies create the infrastructure that is essential in enabling e-merchants, other Internet-connected companies, software companies, and individual consumers to interact and conduct business via the Internet safely and securely. The Comodo companies offer PKI SSL, Code Signing, Content Verification and Email Certificates; award winning PC security software; vulnerability scanning services for PCI Compliance; secure email and fax services.

Continual innovation, a core competence in PKI, and a commitment to reversing the growth of Internet-crime distinguish the Comodo companies as vital players in the Internet's ongoing development. Comodo secures and authenticates online transactions and communications for over 200,000 business customers and 10,000,000 users of our desktop security products.
